## HSSE

Al Nasr Construction Dynamics is accredited with OHSAS 18001:2007 - Occupation Health and Safety Assessment Series for health and safety management systems for the entire range of services offered to the clients.

The accreditation includes the HSSE management systems in the base facilities as well the project sites. ANCD emphasizes the need for safety right from the arrival of the employee in Qatar. Safety orientation and training are imparted by our qualified HSSE officials before any employee is assigned to the job. Periodic HSSE refresher training, basic first aid, fire drills, emergency response drills are a mandatory requirement for all the employees. ANCD untiring efforts in its HSSE approach resulted in consistent and high standard safety performance. Commendations from our clients reinforce our commitment to the HSSE requirement.

## QUALITY

Al Nasr Construction Dynamics has adopted a policy of an objective and quantitative basis for a continuous improvement in managing quality through its Quality Management System (QMS). Our training center is accredited with ISO 9001:2008 for the provision of safety-related training & ISO 10015:1999 for the Quality Management System.

	<b>INTEGRATED MANAGEMENT SYSTEM MANUAL</b>	Doc. code : ANCD-IMS-001
		Revision : 00
		Issue Date : 1 <sup>st</sup> June 2018
